[Verse 1]

Looking all of these photographs
Back when you still made me laugh
I wonder why love never lasts

Now I'm staring at my phone
Wondering what I did wrong
Shattered my heart and left me alone

[Pre Chorus]

And you faded away leaving the promises you made
And I walk into our cafe so you'll think that I'm okay but
I
I think about you everyday

[Chorus]

And somehow I still want you here
Even after all you did
What is wrong with me?
I just wanna be something you'll miss
But you don't seem to give a shit
It shouldn't end like this
I just want a final kiss

[Verse 2]

Frozen memories in a picture frame
Stuck forever in the good old days
I can't believe what we've become

December 1st I was by your side
Planning all the Christmas light
We almost set it all on fire

[Pre Chorus]

And now I'm sitting here alone
While you're somewhere unknown
And I feel you forget me as if I was
Never your own and you, you keep on moving on

[Chorus]

But somehow I still want you here
Even after all you did
What is wrong with me?
I just wanna be something you'll miss
But you don't seem to give a shit
It shouldn't end like this
I just want a final kiss

[Bridge]

Oh I know it'll take a long time to heal
But as I watched you disappear
Everything that hurt inside
Found a way to get you out of my mind
Cause you were yeah you were never mine

[Final Chorus]

And somehow I don't want you here
It took me so long to say this
Nothing's wrong with me
I don't want to be something you'll
Miss
It hurts to say it out and clear
I don't want your lips
Let alone a final kiss
