<p>[Verse 1] I can be here all day Nobody sees me, anyway Me myself and I Crazy eyes, rainy days I shut my voice and run away Maybe I don't belong here</p> <p>[Pre-Chorus] They come and go As I if don't exist Sometimes they throw Their gold at me Maybe I don't belong here</p> <p>I try so hard to shout it out Nobody cares about my sound Alone in my dreams In a haunted crowd</p> <p>[Chorus] Like a ghost in town ghost in town Like a ghost in town ghost in town Like a ghost in town ghost in town Like a ghost in town ghost in town</p> <p>[Verse 2] They come along to this place But they don't stay anyway Me myself and I Invisible cheers, cold face They don't even know my name Maybe I don't belong here</p>	<p>[Pre-Chorus] I try so hard to shout it out Nobody cares about my sound Alone in my dreams In a haunted crowd</p> <p>[Chorus] Like a ghost in town ghost in town Like a ghost in town ghost in town Like a ghost in town ghost in town Like a ghost in town ghost in town</p> <p>[Bridge] Shadow on the ground No one around Not even a trace to be found</p> <p>[Chorus] Like a ghost in town ghost in town Like a ghost in town ghost in town Like a ghost in town ghost in town Like a ghost in town ghost in town</p> <p>[Final Chorus] Shadow on the ground No one around Not even a trace to be found Ghost in town</p>
